

# GREEN LASER LIGHT

## High Reliability Industrial Laser Liner Projector

We carry a series of laser light which can be projected in different forms: dot, line and cross"+".It's simple visual tool but apply to multi-task. It can increase operator's accuracy and efficiency as well as improve productivity.

品名 Model No.	LA-5305-L
型式 Pattern	Liner
波長 Wavelength(nm)	532
輸出功率 Output Power(mw)	< 5
輸出電壓 Operating Voltage(DC)	DC 3V
操作電流 Operating Current(mA)	< 280
單位尺寸 Dimension(mm)	∅ 22.6X95.0L
有效運用(公尺) Visible Distance(meter)	4M
產品特點 Feature & 應用 Application	<ul style="list-style-type: none"> <li>● Feature 3 Element Glass Lens, Firm Case, Dust-resistant, Patent Liner Design, Industrial Design(APC+R) Operating Temperature: -10°C~+50°C</li> <li>● Application Textile, Garment Machine Vision Tire, Stone, Wood...</li> </ul>
